

A Letter To The World...

To God's children...My Brothers and Sisters !  
The Lord's flock !

## The Light of Truth Is In Christ, In Yah'shua Seek The Light Of His Lampstand!!!

I am a moving wheel. My every movement is directed by The Lord. I am focused on His Truth. My hunger is and has been insatiable for the understanding brought me by The Holy Spirit. It is my experience that the world teaches us lessons opposite The Truth of God. Truth-Wisdom, Knowledge and Understanding- comes from God and is Imparted In Spirit. As Jesus was One with God so we are encouraged in The Word to become One with God Through The Son. Therein lies the Freedom. Thus our eyes and ears are opened to Truth...all things shall be revealed is the promise...seeking is the avenue. It is the eyes and the ears of the flesh that deceive us...It is the heart opened and turned towards God that hears. Open the doors to Father God's Love, Voice and Library of Truth. One must fast to the world and set aside personal will in order to begin to enter into a relationship that truly leads us to Oneness with Our Lord God.

All fear and negative emotions reside in the mind coming from a clouded heart...the mind is where decisions are made according to man's will (Emotions, Desires, Lust and Thoughts). It is this flesh, man's carnal will that stands between man and God. Complete surrender through faith and trust opens the door to Eternal Freedom. The world speaks of freedom and defines it in it's terms, but are we truly free ? When I lay all will aside I become the once hollow bone filled with life by God and His Will...filled with a new Living marrow ! Nothing of this earth compares to The Grace of God's Unconditional Love. Becoming and being One with God allows us to love others with that same unconditional Love---no matter who they are, what they say, what they have learned or what the world's

false doctrines have insisted they conform to. Loving thine enemy convicts them In Spirit whether they are conscious of it or not...This Love is as a bridge that joins us or as hot coals upon the head of the wicked. If we are made in God's Image, why do we judge ? Only God Himself Judges. It is through suffering and pain that many people arrive in a place where only God is the answer. God Knows the beginning, the end and all things in the between. He Showers us with Love and His Discipline is gentle for only He Knows each one of us perfectly. Yet we walk around with dark umbrellas over our heads that acknowledge not His many gifts and blessings unseen. That which is ugly in the world is of satan and God Decides what to allow on earth According To His Will And Appointed Timing Directly and through those that are as One with Him...vessels yielded and obedient to His Will ! I have noticed that many are not very loving and gentle in response to those that may still be spiritually dead, sleeping and driven by the flesh...not yet guided In Spirit. The approach taken towards others either disarms them with love or brings up a wall in others that keeps them in their darkness... and in bondage. Impartation of Divine Truth can be done without lengthy words and worldly intellect. For one to say I have no time for those who judge me or for those that are blinded by the world's dark cloak concerns me greatly...the world has become darker and darker yet His people appear powerless to speak or stand upright against evil...In fact, it has been the believers that have allowed this wreckage of a ship that is intended to be His Ship Steered By Him leading us, the flock, to green pastures and still waters...If Jesus and His disciples were selective about The Truth and The Gospel From Heaven in this way, far less people would have been free to hear The Good News and to follow The Lord. The Lord owns all souls...they are bought and paid for Through His Blood Shed. It is time to step out of the confines, the structures of man first... *Then* one can approach The Kingdom of Heaven...*Then* be Led By The Holy Spirit (not of the flesh !) ...and only *Then* can we live According To God's Pleasing Will and reach out in all directions as it was intended !

It is time for God's children to reach out to the Rabbi, the Teacher for their Manna-The Bread of Life, The Sustenance and The Wisdom to

I

guide us through these perilous times into the end which is the new beginning...be ye advised that this time is near !

Discipleship has been replaced with inadequate crash courses that have resulted in the destruction we bear witness to in the world. It is a sad thing that brings tears to the eyes of our Lord. If it were less about us and all about Him, then we would be well justified, filled with joy as true brothers and sisters...children of God. In reality we find ourselves separated from one another and from God. Under the cloak of Grace we feel entitled to celebrate rather than to lament...to continue sinning while claiming salvation in Christ, in Yah'shua... while avoiding the altar of self sacrifice and of true repentance. The Mercy Seat is exchanged for man's blindness and justification of his self-imposed ignorance. Remember a blind spiritual man adopts an understanding according to his flesh. Blind men foolishly adopt different understandings of The One Truth and then bring division within the body of humanity, The Body that is to be of Christ and God's children...He who is perishing himself cannot bring light to others. And, if The Light were known of by all then why do the many uphold and hold up false light ? He who is self assured knows not the way, the narrow path or The True Sovereign Leader that is both. A lost sheep of the flock cannot shepherd the flock. A blind sheep cannot find its way without The Good Shepherd !!!

To know *of* God is not the same as knowing God through a proper humble and reverent relationship as is laid out in Matthew ! The Scriptures and The Spirit Who brought them forth are cast aside for a part time service to God...an air of holiness is inferred through man's meager rituals quite often accompanied by euphoric entertainment. The Church of Christ has been cast asunder for an adaptation, a modernization of that which is Holy and Sacred...The Ancient of Days that resided in the True Temple according to God's Laws and Ways Instructed has not been made welcome in the hearts of man !

If assumption is the mother of all lies, then why do we assume so much while being under educated in The True Gospel unto lives lived according to the flesh and its many deceptions ?

So is all lost and hope to be cast aside...I say Not!

## Hope Is Still In Christ Jesus, In Yah'shua...

Darkness perishes in The Light of His Lampstand  
and in the heart that is reunited with

## The Heart of Our Father!

Amen, Amen and Amen!

The How has been cast asunder for false  
comfort and thus a false gospel!

The Way has been blurred and cast into  
the shadows where we have  
chosen to reside.

So is all lost and hope to be cast aside...I say Not!

We must return to the ways of the honest and innocent child. How will this happen with our individual and collective histories, both current and generational, that have walked away from God The Father, The Lord preferring darkness over The Light! Is sin not running rampant among the flock? This we cannot do alone and can only happen through knocking upon the door of The Lord...through acknowledging our need for A Messiah and The Deliverer rather than claiming deliverance in abstensia of a true reverence of God...An *honest relationship* with God?

To know of God is not to know God!!!

Man has fallen a great distance from God.

I

Man no longer understands the simplest of things of Heaven. Man takes great pride in his zealousness and self proclamations. Man has fallen from Grace a distance immeasurable. Man has ended up in the gap he fostered and created. Man cannot find his way out. Man loves darkness more than The Light while Grace has kept the greater measure of the darkness of reaping at bay...we live on borrowed time under The Grace of God that is to lead us unto repentance and we *cannot repent enough*...yet God's measure of Mercy abounds in a measure greater than our disregard, our falling away and our sin !

Let us remember that it is  
**The Love of God The Father**  
that drives out all fear and  
**The Son is The Way**  
Unto The Father.  
Amen!

It is in honesty and humility that we  
must return to Our Father!

The heart that knows its brokenness is the heart that is willing to walk the path of the valley of death knowing The Lord will hold the hand of the weary traveler bringing him the distance back into The Light...That of his innocence and a child's beauty...back to The Image in which he is *truly* made !

Let us remember that we may not enter The Kingdom lest we come as a child. A child knows and trusts *fully* His God and The Son...a child delivered from his many afflictions and darkness is *guided by* The Light of The Lampstand and The Holy Spirit of The Holy God of Israel...The God of Abraham, Isaac and Jacob !!! The God of Jews, Gentiles and *all of God's children, The One God !!!!*

I invite you to take my words in The Spirit with and from which I deliver them. They are not judgments, rather they are observations of what goes on all around us! They are things to think about...

to ponder. My spirit is of unconditional Love and respect for the path God lays out for us individually and in the knowing that only The Lord can bring together HIS Body into One Body ! We come from all different angles with the potential in Christ, in Yah'shua to arrive in the same place. I also invite you to reference The Word less selectively and look deeper beyond the words for the deeper understanding relating to our enemies (those self righteous ones that might attack you). Was there ever a time that you may have been in the place they currently reside. Be careful to reject people that are not unlike ourselves at some point in our journeys. God Himself Knows who will come to The Well for the full drink and those that come for a sip and run back off into the world expecting The Well will overflow towards them whenever *they* decide It is worthy of a visit ! Then man descends deeper into darkness by believing he can re-define what The Well is to be according to his *self-perceived* needs ! Oh I thank The Lord that He has not abandoned us as we have abandoned Him ! The Lord Said to Me there are those that you think will come to Me that will not, those you think will not that indeed will and all possibilities in between...The only way you will know is By My Spirit Said The Lord ! Our many judgments of one another is in large part the log in our eyes...If I judge you, I judge myself ! Ye without sin cast the first stone ! The lessons we learn from our Rabbi, our Teacher are also available to those that have not learned them yet...but first they must be a living reality within our hearts that must guide our walks. My sense is that as we that have chosen to walk the narrowest of paths to follow The Lord, we all have one foot on earth and one in the heavenlies that are within us from our beginning. Thus we all suffer from a departation, a post partum from The Spirit of The Lord Our God That Is Good and then are slapped not only on the behind but from every angle by evil...we arrive into this earth with much but the world robs us of much...the greater the surrender of the *self will* the closer we can approach Oneness with God from which we came and the closer to His Perfection we aspire to be. Our potential In Christ is amazing and yet we flounder. Our own quests are but feeble attempts at godliness. Our self-guidance while claiming belief in God is hypocrisy at work! The reality is we are all sinners subject to asking for Father God's Mercy and Forgiveness. This Mercy and

I

Forgiveness was made possible through The Sacrifice of His Son Jesus Christ, His Son Yah'shua. Acknowledgement of our sinful ways keeps us humble and in awe of God's Grace knowing that favor is a force that yields a greater measure of effectiveness in God's Plan through having *earned* God's Trust. We must come to understand the story of Adam and Eve and how it truly relates to our condition, how and why we do what we do and, most importantly, how we are to arise from the condition, the sickness we suffer. I have often asked people Do you trust God ? then, Can God Trust *you* ? The response has been...I never thought about it that way ! These are matters of perspective...When we are willing to see from His Perspective then we can begin to emerge from our shallow self-serving perspectives. The humble servant allows himself, herself to open their heart's door to His Greater Will. We are accountable and have a responsibility as disciples of Our Lord And God to know and to do God's Good And Pleasing Will...which means to know and follow His Voice...that we may each fulfill our roles in The True Ministry of The High Priest, of Jesus Christ, of Yah'shua. Those In Spirit know that Melchizedek was The Lord Who Came And Appeared to encourage His Follower who felt alone in his hearing and knowing The True God. What may I ask is your ministry about ? My mission In Christ is about bringing The Light of God's Love And Truth to all that surround me... friends, people I know, do not know and my enemies. God's Love has no walls and is free to all. Father God has shown me how to do this without bringing up the defensive walls (man's fearful flesh and resultant defensive will) that act as a barrier to His Truth. Yet as in my life, the flesh will rebel against The Truth of The Kingdom that we are to seek out first in all matters. To reach out in spirit beyond my surroundings as The Lord Guides me through the transforming of my mind and His remaking my heart anew. My heart was so shredded God granted me a new one...It would be my wish for all to have this transformation rather than to *condemn* them to their living hell, in blindness...*this* I have no authority over or right to do. I have no right to make my way a false light for people to follow knowing That His Light is The True Light that cannot be transcended by the flesh of *well intending* people. Good intentions do not make for Good Works just as good intentions later become the excuse for the

error and damage inflicted! By grouping people together under the guise of man's historical worldly interpretations we do rob many of their individuality and their potential for both peace and joy to be found in The Lord.. I would bless those that attack you as they are fighting against that which they seek. So often we own the projection of another's guilt when it is not ours to receive. Accusations and judgments are truly owned by the hurler looking for someone else to own the filth. It is the turmoil of The Light of Truth that unwraps the box in which we hide our darkness that cloaks over the potential we all share ! We are to glorify The Lord Our God in our lives individually and thus together ! In this way we raise The Lord above our selves and become true vessels and servants... thus enabled to bring to our brothers and sisters what they truly need above all things...The Love of The Lord and a shared Hope In Christ. The Lord through us can bring the change that is so vitally needed ! Let us be first aligned as individual children with God, then together as One Loving Body In Christ...*Amen!*

I am not trying to reform existing structures...rather I am asking that we tear their falsehood down and bring them back into conformance with The Word of God and The True Gospel of Christ Jesus, of Yah'shua. That we divorce ourselves from the world that has become our husband and the lustful adultery it brings in light of the knowledge of Who Our True Husband Is To Be and Who Our Father Is. In the world we become as orphans without our Father and I say we must seek to realize that He is both our Mother and our Father...

Let us be adopted back into The Holy Family And Union  
With The Father, The Son And The Holy Spirit !!!

All I offer you with these words that I have written is a sharing of that which I was moved By The Holy Spirit that has taken over this little heart of mine to write to you. It began with my writing about The God I was coming to know and then The Lord took over my voice and I began to scribe what He Was Saying to me. I was searching for answers and a true understanding that would lead to living a wise life for Him as the life I had lead was for me and me alone in my misery. It was not something I planned or willed to do...It Was Willed So for me ! I love and have a very deep reverence for

I

Him and appreciate beyond words that He Came to me...a man that believed his life of no value, no good purpose and worthy of death. I can take no ownership of "Sayeth The Lord or Sayeth The Father" as I am neither. The Voice I hear comes from The High Place and my heart is convicted at with Breath! When I believe that I know enough, I know that pride has just been invited into my heart. Pride in my own ability can only cast a dark shadow before the path that is Truly Lit for others to find. I am humbled beyond any measure by the gift of His Spirit that comes to me. When I write I am as a scribe that must quickly take down all that is flowing forth from The Living Brook that feeds me. I am a yielded vessel whose cup receiveth much and it then overflows...much like a small bird who drinks from a fountain fed of The Wellspring of The Lord ! I have been instructed and commanded of The Lord to do many things...To take a stand for Him and to speak with the voice I have been given...First and Foremost! He Said to me..."I want to hear your voice." So for the seven years since The Lord Came to me and I came to Him I have spoken aloud to others...sharing This Love and This Good News! I cannot decide that which I will or will not do. My mind must be kept captive unto Christ, Unto Yah'shua so I must battle for The Higher Ground, beating my flesh to the ground as it tries to rise. My flesh is worthy of the death sentence that it imposed on me all my life. I answer to Him Alone and no other ! I am a but messenger, a servant and a humble warrior that has been given a sharp sword of Truth at my side...having been taught how to wield it according to The Fire of The Spirit From Which It Comes Forth !

It is His Sword and His Hand  
that guides the sharpest of swords...

**His Truth And Light!**

I must answer to God...I must welcome His Rod and Staff...

I must sacrifice the full measure *to gain a measure in full !!!*

We all answer individually At The Throne of The Lord for our actions and the seeds that we sow. The Lord Will Know you if He Sees Himself *in you*, as you reflect *His Light* from within your heart. He Knows those that know Him. I Repeat that Knowing *of Him* will

not do ! We must humbly raise the measure of faith we have been granted and reach high above the lowly place of the world to reach The High Place Where He Resides. The Lord Lives... The price has been paid ! If we look at history, there are many individuals that have lead that were not in line with God. It is the blind sheep that follows things evil and dark. Are they all to be abandoned through harsh words or can they be offered Christ's Leadership, His Shepherding that *truly* leads them out of their darkness ? The Lord is Our Shepherd and if we truly accept Him into our hearts, are we not to also act as good sheep, caring for and loving one another... becoming good stewards of the many Blessings of God The Father. Through *a full surrender* to The Lord and a full *active* acceptance of His Personal Teaching, Healing And Deliverance we are first individually raised from our own death according to His Leadership And By His Spirit every moment of every day... When we come to believe that we are delivered by mere words spoken as opposed to the good fruit of a True Life Lived In Christ then surely we have lost sight of Our Deliverer. And we that dwell now in the Egypt of then now must not fall into doubt as those that gave away their reverence in exchange for doubt, sin and iniquity that fashioned a golden calf in their hearts before they melted down the riches of the gifts God made Pharaoh give them upon leaving for The Promised Land. Yet despite The Mighty Hand of God that delivered them they decided to reject them. They met with their just reward... Let us not be as they to forfeit our inheritance In Christ, In Yah'shua for the same idols that Moses destroyed in the shop! Then and only then with a proper reverence can we can properly Led by His Example, point the way for them who come as we come To Christ Jesus, To Yah'shua Who Is Our Leader... One with Him, with Them as He prayed... Amen... only then we can be led as One Body In Christ !

There is A Voice... The Voice of Our Shepherd Calling out to us ! Be still and listen for His Voice... Remember that once awakened of The Lord we must respect that others that have not yet awakened from *their* sleep ? We either come as beacons of His Light or we bring them our measure of darkness to drive them deeper into sleep and closer to death !

I

I wish you well my brothers  
and my sisters...

I feel a very large portion of  
God's Love In This Sanctuary, This  
**Dwelling Place of The Lord**  
that I have found...

...I pray for those that will come to

**The Well That Is Deep!**

I pray oh Lord that they might enjoy  
**The Eternal Freedom And Love**  
**That Our Father offers them**  
as you have blessed me with  
and so much more!

I pray these things and make these requests of You Father

**In The Name of Your Son**  
**Jesus, Yah'shua**

Amen!
