

*about Ise's writings...*

Ise called me one evening and said that she was writing some poems. She said "they come and I have to run to write them down as soon as I can so I will not forget them."

I explained to her that they were from Above,  
From Heaven Through Our  
**Lord**

And that is the way I too hear  
And then write them down.

Ise was 12 years old at the time...Cd'A...Ise's Dad !
