

A Stone's Throw

To all warring nations !
Is it any wonder that Revelation says
“ We cannot repent enough ? ”

Leadership
The Churches
The People

The believers and unbelievers in all arenas
wage war against one another.

Where is the love that is to transcend above the
desire of the flesh to conquer, divide,
rape and pillage the
land.

No one is innocent or
justified in
sin.

We are each individually accountable before

The Lord Our God
Who Sees
All !

Let us not plead ignorance before

He That Is The Lampstand Of Truth
That Is Perfect, Sinless And
Light !

Remember Aaron who pleaded ignorance
when Moses returned from
the mountain

.

.

.

Claiming no control or influence over the Israelites
that in his sight celebrated in
abomination

.

.

Rejoicing in their blatant
rebellion!

Are we as they that received God's just reward,
doing the same and requiring that
God simply allow it!

Let us not fool ourselves into believing
that all is well as the erosion
destroys the

THE FOUNDATION

LAI LONG

AGO!

For surely the salt of the earth has
been exchanged for
dust.

To celebrate while the sea roars and the swells engulf is
to believe one is safe upon the ship of one's
own design and mislead tenacity.

So shall the zeal of the flesh and the will
of the butchers continue to
rule the day ?

Is the innocent lamb safe in his stall from
the blade of the stalker that
is in plain sight ?

Shall God allow fools that witness iniquity while
wallowing in their many comforts
to overcome

or

Will He allow evil to overcome evil in
it's desire to bear false
witnesses

?

Dark is a world that justifies sin, the doing of evil
while justifying false robes of white !

Cast aside your doubts, fears and limitations that you may
walk forth wearing the sandals of peace.

The weapons will be beaten into
Plow shears

.

.

so too the bearers
shall perish
under
their own blades
for Just
Is

The Lord

Who Is King and He Will Judge His Subjects
from the most humble to the least
and who shall ask...

Why have you done this Lord ?

Why have You forsaken me for I do many
good things in Your Name ?

You that are rebellious will surely blame everyone including

God Himself

for your many transgressions
that meet with no
reward!

It is far better to surrender now than to wait
to be found with killing in your hand!

Amen !

It is far better to walk forth upon the ashes
of the demise of darkness than
to be the ashes tread
upon.

Remember...

Eden is not found by chasing the dreams and the
aspirations of the flesh...Eden shall
reside in the heart
purified
and
the purified
heart resides in
Eden
!

The dry dust of the earth cannot be co-mingled
with the fertile, well watered soil.

Beware...you may be one just

Stone's Throw Away

from your own
demise !

The tenants of false kingdoms built upon the rubble of
their recklessness know not when their
eviction cometh.

*The wise man tends to his affairs
and matters of the heart.*

The fool shirks his responsibility !
Let us not so quickly forget that we all have

Debts Under The Law !

An ye that continue to reach down to the ground
for another stone to hurl beware of
The Hand Of The Lord That Shaketh
The Heavens And The Earth!

Be sober and carefully ponder these things
for you have been warned!
Remember It Is The Lord
That Intercedes!

Perhaps the next time a stone is picked up to
be thrown at you, you should
also remember
that
you too are but

A Stone's
Throw
away!

Knowledge is like a stone...

There is a difference between the heavenly stone is that it is a jewel
and the stone of the world is that is but a cold, hard stone.

The crown that adorns the head is one of jewels.

The jewel that is to adorn the crown of

The Most High

is to be you !

And know that a gem in it's rough state is still a stone until it is pressed
under hardship and suffering that polishes the gem to brilliance !

Knowledge is a necklace string...

What you collect to thread upon the delicate
string can become as an adornment
of pearls or one liken the
chains of a slave

Beware what you carry around your neck !

Beware what you purchase in the earth !

Beware of the true cost of the stone !

What you pick up and wear is
what you become and
how you live...
